

Company: **Small Data Garden**
 Product: **IOTSU® L5R L06**
 Rev: **1.2_29thAug 2021**

Product description:

IOTSU® L5R L06 is a wireless device that measures GPS location data combined with acceleration. IOTSU® L5R L04 is designed for tracking cable drums. Tracking cable drums helps customers to improve inventory management and prevent disappearance of the reels.

IOTSU® L5R L06 is easy and fast to mount on cable drums. The device is maintenance-free and encased in an industrial quality casing resistant to dust and splatter. Transmission and measurement cycles can be adjusted according to the need.

IOTSU® L5R uses the global LoRaWAN network connection. There is no need for external power supply.

IOTSU® products shall not be used in any other way than their intended use defined by Small Data Garden. IOTSU® products are designed for [LPWAN technologies] collecting non-critical information. Small Data Garden will not be held liable for any damage which may result from inaccurate readings and delayed data transmission. For more information see SDG's General Terms and conditions for the supply of products and Legal Notices.

Measuring and recording:	
GPS	
Cable Drum Tracker	
Technical specifications:	
Dimensions	: 132.6 x 82.6 x 88 mm
Weight	: 388g with battery
Sensors	: GPS, Acceleration
Transmission cycle	: Configurable, alerts
Measurement cycle	:
Connectivity	: LoRaWAN
Battery	: Size D 3.6V, lifetime up to 10 years
IP Class	: IP67
Operating Conditions	: -30°C...+50°C
Typical Accuracy	:
Certifications	:
Mounting	: Screws
